Education

Degree / Certificate	Institute / Board	CGPA / Percentage	Timeline
B.Tech. (CSE)	Indian Institute of Technology, Jodhpur	9.68	2023 – 2027
Senior Secondary	CBSE Board	96.6%	2023
Secondary	CBSE Board	99.2%	2021

Experience

- **Google** | *Software Engineering Intern | C++, Kotlin, Swift, Jetpack Compose, SwiftUI, Protocol Buffers* *May 2026 – Jul 2026*
  - Engineered cross-platform reliability features across Android and iOS Google Home apps using **30-day rolling metrics** and **partner caching**, improving service status accuracy for **5M+ active devices**.
  - Designed client-side telemetry pipelines tracking real-time latency and availability SLOs across **3+ core flows**, reducing critical debugging time by **25%**.

Projects

- **Video-to-PDF | Computer Vision Pipeline** | Python, FastAPI, TypeScript, OpenCV, NumPy | Github *Jan 2026 – Apr 2026*
  - Engineered a 5-stage computer vision pipeline combining sharpness, ORB feature stability, optical-flow motion consistency, and RANSAC homography quality scoring with perceptual hash deduplication, cutting redundant frame processing by **65%** across **50+** test video samples.
  - Automated page reconstruction with BoW clustering, top-k frame selection, perspective correction, and multi-frame median fusion, producing **10+ page** documents in under **3 seconds**.
  - Introduced configurable Wiener, Total Variation, and Unsharp Mask deblurring plus morphological shadow removal and CLAHE, with per-page PSNR and sharpness quality reporting.
- **VoidShare | Encrypted P2P File Sharing** | React, Node.js, WebRTC, MongoDB, Redis | Github *Jan 2025 – May 2025*
  - Architected chunked peer-to-peer file streaming with **AES-256/RSA** encryption, cutting server memory consumption by **40%** using adaptive buffer sizing.
  - Secured peer session setup using **WebSockets** for signaling, **JWT** authentication, and **Redis** for peer discovery and session management.
  - Protected file confidentiality and integrity through **ECDHE/ECC** key exchange and **RSA** digital signatures, transferring encrypted chunks over WebRTC DataChannels.
- **Multi-Gas Sensor Array Visualization App** | React Native, Expo, Golang, ESP32/Raspberry Pi | Github *Feb 2025 – Apr 2025*
  - Built a live tracking mobile UI for **ESP32/Raspberry Pi** nodes, fetching real-time sensor data and rendering readings from multiple concurrent devices with **sub-second refresh latency**.
  - Enabled live data controls, automatic CSV export, historical CSV plotting, and cloud storage integration for sensor-data collection and analysis.
  - Developed **Golang**-based CSV anomaly detection with **95%+ precision**, complementing the real-time visualization workflow.
- **Ignus'25 & TEDx IITJ'26 | Event Platforms** | React, Next.js, Tailwind, Django | Demo1 | Demo2 *Dec 2024 – Mar 2025*
  - Developed official web platforms for institute flagship events, serving **10,000+ festival users** through responsive web experiences.
  - Optimized web performance and user experience, reducing initial page load time by **34%** across the event platforms.

Key Courses Taken

- Data Structures & Algorithms, Software Engineering, Deep Learning, AI, Computer Networks, Operating Systems, DBMS, Cybersecurity, Computer Architecture, Probability & Statistics, Linear Algebra, Multi-variable Calculus

Technical Skills

- **Programming Languages:** C/C++, Python, JavaScript, Golang, Java, Kotlin, Swift
- **Frameworks & Web:** React, Jetpack Compose, Node.js, Flask, FastAPI, Django, MongoDB, Next.js, React Native
- **Systems and Tools:** Linux, Bazel, Git, Docker, Redis, Kubernetes, Postman, Jupyter, RPC, REST APIs
- **Cloud Platforms:** Google Cloud Platform (GCP), AWS
- **Concepts:** Object-Oriented Programming (OOP), Software Design, Distributed Systems, Machine Learning

Positions of Responsibility

- **Festival Chief,** Ignus (Annual Cultural Fest of IITJ) *Jul 2026 – Present*
- **Vice President,** Board of Academic Interaction, IITJ *Apr 2025 – Apr 2026*
- **Head,** Web Development, TEDx IIT Jodhpur 2026 *Feb 2025 – Mar 2026*
- **Festival Chief,** Varchas (Annual Sports Fest of IITJ) *Sep 2025 – Nov 2025*

Achievements

- **DR 1 in CSE:** Department Rank 1 for consistent academic performance. *2026*
- **Grade A in All CSE Core Courses:** Top 1% among 250+ students, earning the highest grade. *2026*
- **Google Cloud Cybersecurity Certificate:** *Certificate | 2024*
- **10.0 SGPA in Second Semester:** Highest GPA in the B.Tech. Second Semester. *2024*
- **JEE Advanced Rank: 3113** Secured admission to IIT Jodhpur through JEE Advanced 2023. *2023*
